REGISTRATION FOR S.A.D. #44 ADULT EDUCATION TO BE HELD SEPT. 15

This fall's Adult Education Program in S.A.D. #44 will commence the week of Sept. 19. Registration will be on Sept. 15 from 7-9 p.m. in the Telstar Cafeteria.

The program has become very popular in the area, and many people feel it contributes to a sense of community.

There are various components to the program:

Adult Basic Education

This is a one to one program aimed at developing basic skills such as reading and writing. Karen Paul is the Adult Basic Education Teacher. If a student wishes to be instructed at home this will be done. The program is free.

High School Equivalency Test

This test is available on request to those over 18 who are not attending High School. The Equivalency Certificate does not provide a background education the way a regular High School Diploma Program does, but it does provide a certificate which is the equivalent of a Diploma.

High School Diploma Program

This program is similar to the regular High School Program where students accumulate credits which lead to a diploma from the regular academic courses.

Sixteen credits are required for a High School Diploma under this program. The requirements include four credits in English and one credit in United States History. Credits may be given for work experience and for being a Housewife. This program is free to persons 17 years or older and who are not enrolled in day school.

New students who are seeking a diploma and have not attended one of the S.A.D. #44 Schools should have a transcript of their grades sent to Marie Wilson, Director of Adult Education, at Telstar Regional High School.

General Interest or Personal Enrichment Program

This program offers non-credit courses such as Yoga, Typing, Metrics, Basic Theater, Papier Mache Sculpture, Law, Slimming, Cooking, Sewing, and others. The schedule will be announced next week.

Mr. and Mrs. Michael Davis, Orono, are spending this week with relatives in town.

DEPT. OF HUMAN SERVICES TO SHARE OFFICE SPACE AT SOUTH PARIS

The Department of Human Services has been offered office space by Oxford County Community Services to establish partial service delivery from the Community Services' Market Square, South Paris, office.

The Department will establish office hours starting Sept. 6, and offer Food Stamp Services five days per week. A.F.D.C. (Aid to Families with Dependent Children) staff will be available at the Market Square office on Tuesdays. A Vocational Rehabilitation Counselor will be available on Fridays.

Other Departmental staff may use the office on an itinerant basis.

Departmental staff can be reached beginning Sept. 6, by telephone (743-7716) at the Market Square location. Full services, other than Food Stamps, continue to be available at the Lewiston Regional Office (1-800-482-7517).

By merging human services under a single roof, the Department hopes to increase its accessibility to area residents. Both Agencies expect the move to be more of a convenience to their clients.

Food stamp services have been offered from the Oxford County Building Complex on a two-day-per-week basis by two staff. The merger will permit two staff to cover five days as well as maintain itinerant service to Oxford County areas. A.F.D.C. and Vocational Rehabilitation have not been available on an itinerant basis in the Norway-Paris area requiring their clients to relate to the Department's Lewiston and Rumford offices.

TELSTAR JR. HIGH FOOTBALL SCHEDULE CHANGED

There has been a change in the Telstar Junior High football schedule as published last week. The Sept. 17 game at Messalonskee will be played instead on Oct. 12.

NOTICE TO CONTRIBUTORS

Due to the Labor Day holiday on Sept. 5, it is imperative that ALL material for publication in next week's "Citizen" be received as early as possible. Community correspondents MUST mail their items no later than Tuesday.

Your promptness and cooperation will be appreciated. The Citizen Office will be open on Labor Day.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Board of Selectmen and Airport Advisory Committee met Wednesday night, Aug. 31, with Phil Baird of the Federal Aviation Agency to discuss the Town's application to the Federal Government for undertaking the Airport Master Plan Study. B.E.A.R.S., Inc.

(Bethel Emergency Ambulance & Rescue Service)

Hi, I'm back again. Somehow last week got lost in the shuffle of relatives from California popping in and my boys getting back from Oregon after being gone six weeks.

Anyway the B. E. A. R. S. are still waiting for someone to donate their junk cars so we can have a course in emergency excitation. Just take a minute to picture yourself all tangled up around the steering wheel of your wrecked car and how important it is for the ambulance attendants to get you out in one piece. There are very specific maneuvers to learn and we need equipment to do that. There are certainly some of you out there who want to get rid of a junk heap that's taking up space! Please call Lyn (824-2233) or Arlene Greenleaf (824-2744).

Item 2. Treatment of Shock (Taken from "Emergency Care" textbook for Emergency Medical Technicians):

- Assure adequate breathing
- Control bleeding
- Administer Oxygen (ambulance attendant responsibility)
- Elevate lower extremities
- Avoid rough handling
- Prevent loss of body heat (cover body)
- Keep patient lying down
- Give nothing by mouth (out out and save above info.)

Next week: Poisoning
Important to keep on hand is the phone number for the poison control center: 1-800-442-6306 (toll free number at Maine Medical Center, Portland.)

Most nights this week were beautiful. My sister and I saw the character of poetry of night different evenings, as we fished for bull-heads or horn pout as we call them. It's the true other half of day's wheel. We enjoyed its beauty and its rest. Above us the clouds floated like small islands in a splendor of space and stars. The world at night has a voice all its own. The plants and weeds had a different sheen, all wet and bright in the motionless and unnatural radiance.

Fishing from shore wasn't as much fun as from "Boat." As we sat on an old wharf at Mud Pond a water snake paid us a visit; just interested in what was going on. The evening we spent in the boat, we first went southward. The pond was a gold mine for water beetles. These whirligig beetles were having a ball.

Far out the pond was still and mirrored sky and clouds; close in it stood aquiver with dancing beetle crowds.

Part of the fun of fishing is sinking into reverie while casting automatically, picking out the inviting spots subconsciously—yet, children in Michigan and Indiana, and are visiting Mrs. Elsie Flanders, Buckfield, for a few days.

Mr. and Mrs. Willard Wright attended the 25th wedding anniversary of Mr. and Mrs. Malcolm Barnett, Errol, N. H. Saturday evening. On Sunday, Willard and Sylvia and their guests, Mr. and Mrs. Richard Hunter, Tafton, Pa., and Mrs. Kathy Crouthamel and Eric, Virginia, went to Deer Isle.

Mrs. Rodney Hanscom, Nancy and Brian, were luncheon guests of Mrs. Olive Anderson, Tuesday. On Friday, Mrs. Anderson returned to her home in Bay Shore, N. Y.

Stephen Wright and Diane Hill, Old Town, were recent guests of Mr. and Mrs. Willard Wright and Gretchen.

aware of the small but important demonstrations of beauty and happenings around you.

One white pond lily had decided not to wholly close for the night. It floated conspicuous among the pads; perhaps like us, enjoying the moon and stars.

A muskrat, making an arrowy wake in front of us was off into the pickerel weeds. These lovely blue flowers have been alive with bees humming over the blooms during July and August.

Several ducks flew over, and with cupped wings dropped down into a feeding or resting area. Some came very close as the evening wore on calling their "Quack-gua-a-ck" to the evening and to us.

High in the sky we saw at different times the lights of airplanes speeding by the moon. When taking a first look, one seemed like a star but by its motion we knew better.

Among the stars in the pond little white buttons, not as large as shirt buttons, were lifted above their slim stems from the water. We call them salt and pepper grass or just plain pepper grass.

"We moved 'Boat' from time to time. Occasionally a bat swept between or above us feeding on the insects which showed against the moon shining in utter calm.

We rowed by the lighted cottages to the northern end of the pond. Here were the Big Dipper and North Star, a beacon light, overhead.

While we mused on pleasant surroundings, we again heard the quacking of a single duck, just beyond, in the weeds.

We caught a few "trash fish" some of which gave us a battle but the horn-pout refused to bite. In the open world the time passes quickly among the stars, dew, and perfumes. We noted the time and it was ten fifteen. Now a little dampness swept past from time to time, for a creeping white river-mist was spreading above the water.

We went home, pulled "Boat" in and locked it.

The evening had ended for us.

out there, where—even though it may at times seem deserted and forsaken life is stirring. It holds the key to the life of the pond... a peacefulness inspired by ordinary things of Nature.

Callers at Mr. and Mrs. Frank Curtis this week were: Mr. and Mrs. Carroll Nottage, South Paris; Evelyn Heikkinen, Portland; John Swan, Locke Mills; Mrs. Lucy Bragg and son, West Peru.

Wallace Hayes who has been with his grandparents for two weeks, returned home to Hyde Park, N. Y., on Friday.

Ardell and Betty Hayes, Auburn, were at the Hayes Homestead on Saturday.

The sixth annual Greenwood City Yacht Club gathered at Vernon Inman's beach for a chicken barbecue Saturday evening. The chicken was prepared to perfection by John Betts, as usual. Three boys from Georgia and Virginia who are hiking the Appalachian Trail attended with their friend, Ronny Betts, and enjoyed the fun with the rest. The Milton Inman family was missed as they attended a wedding in Portland.

My sister, Annie Mills and I, called on Mr. and Mrs. Fred Curtis, East Sumner; Hattie Curtis, West Sumner; Mr. and Mrs. Leonard, also of West Sumner, on Friday.

Ruth Hastings, Ray Holt, Annis Mills and I attended the supper at the Albany Church on Thursday.

June Swan and a friend, Portland, called on relatives and friends here on Sunday.

The Tamminen families held a reunion at the cottage of Betty and Ardell Hayes on North Pond, Norway, on Sunday.

Annie Mills who visited me for the week returned to her home in Shapleigh, Sunday.

M. S. A. D. #44 BOARD MEETS

continued from Page One

pressed interest in the areas of
health education and learning dis-
abilities.

The appointment of Ms. Kim-
berly Ann Carter as a teacher aide
at the Andover Elementary School
was approved. A 1977 graduate of
UMO with a major in child devel-
opment, she has an excellent back-
ground working with youngsters.

Soon to be married, she is to re-
side in Bethel.

The board approved the creation
of a new position, Director of
Federal Programs. It is believed
that having one person in charge
of all Federal programs can bring
significant funds to the district
and insure a much higher degree
of accountability to the S. A. D.
#44 taxpayers.

The board voted to disband the
Ad Hoc Committee formed three
years ago to study the building
needs of the district and to extend
a "well done" to its chairman,
William Cousins.

A schedule of admission fees to
football and basketball games at
Telstar was approved. The price
structure will be: adults, \$1.50;
students, 75 cents; pre-schoolers,
free. All-season passes will be av-
ailable at \$8 for adults and \$3 for
students. Complimentary passes
will be available to Senior Citi-
zens, members of the Board of Di-
rectors, S. A. D. #44 administra-
tors and staff, and representatives
of the media.

The directors gave initial ap-
proval to a board policy establish-
ing standing committees of the
board. The committees are to be:
finance (required by State Statute),
policy, personnel, buildings and
grounds, negotiations, and extra-
curricular. All other "standing
committees" are to be disbanded.

Also granted initial approval were
rules and responsibilities as well
as operational procedures for the
remaining committees.

The board granted approval to
Dr. Wayne Gersen's, Telstar prin-
cipal, request for release from re-
leased time for self-evaluation work-
shops at the high school. These
workshops are part of the proce-
dure for the eventual accreditation
of the school by the New England
Association of Schools and Col-
leges.

Also approved was a \$25 per day
stipend for substitute teachers em-
ployed by the district. The per
half day will be \$13.

The board granted initial ap-
proval to Minimum Standards for
Bupul Transportation in S. A. D.
#44.

Job descriptions were approved
in the following categories: Super-
visor of Transportation, Custodi-
ans, and Bus Drivers.

To allow time for the necessary
work to prepare the bid specifica-
tions, the board authorized the
superintendent to submit the dis-
trict's insurance for a three year
bid for the period July 1, 1978 to
June 30, 1980. The present con-
tract runs through June 30, 1978.

Board members not present on
Monday evening were: Margaret
Wight, Newry, and Andrew Hink-
ley, Woodstock.

The next regular board meeting
is scheduled to be held on Mon-
day, Sept. 12.

Letters to the Editor

August 29, 1977

To the Editor:

As a citizen especially interested
in the appearance of Bethel and
in historic preservation, I would
like to congratulate those respon-
sible for the painting of the Odd
Fellows Hall on Main Street. Not
only has this project immeasur-
ably improved the town but I am
particularly pleased that colors
consistent with the traditions of
the building were selected.

Sincerely yours,
Stanley R. Howe

The Rescue of Falstaff

On Saturday, Aug. 27, Falstaff,
a shaggy dog from Pittsburgh, Pa.,
decided to investigate Bryant Pond
on his own. His owners, the Bentzs,
were at the Bryant Pond auction
and were unaware of his absence
until his note, the flashing car
turn signals, was noticed.

During the formulation of a
family rescue plan, two young
members of the Bryant Pond com-
munity, Tim McKillop of Elm
Road and Brian Whitman of Main
Street, interrupted and immedi-
ately volunteered their help. They
had seen Falstaff and within a
matter of minutes Bryant Pond
was being combed by Tim, Brian,
and other young volunteers of the
Bryant Pond community.

Tim found Falstaff checking out
Bryant Pond school before open-
ing in the fall term. Muddy, but
happy, Falstaff trotted alongside
Tim back to his family, realizing
his mission had been accomplished.

To Tim, Brian, and all the vol-
unteers of the Bentzs and Falstaff
say thanks.

Pride For Our Flag

How forgetful, apathetic, heed-
less, negligent—or really naive—
can we get? We have flags that
are too small on big staffs. We
have flags that are too big on
small staffs. We have flags tack-
led backwards on walls or door-
ways. Most important of all some
of these flags are so tattered and/
or weathered that they should not
be seen nor displayed at all.

What is it we are trying to con-
vey? It is far better not to dis-
play a flag at all than to have
one displayed that is beyond re-
cognition. Are we becoming so
unemotional or indifferent as to
appear inhibited by Communism?

Do we think that this is a
tribute, an honor, a salute to the
brother, the husband, the father,
the son, the sister or the mother
that served our great nation? No!

Wake up!
You think that if you leave your
flag up all the time that no one
will notice. You think that if you
have one up we will say "there
is a patriotic citizen." You are
really naive.

We are proud and happy to see
our flag displayed in the right
place correctly and at the right
time.

Oftentimes we stop at a place

NEW COURSES TENTATIVELY ADDED TO M. S. A. D. #44 ADULT ED. PROGRAM

Two new teachers and some exciting new courses, subject to the approval of the M. S. A. D. #44 board of directors, have been added to the Telstar Regional High School Adult Education Program beginning the week of Sept. 19.

Maine Artist Robert Paine Gross will be assisting Adult Education Director Marie Wilson and teaching courses in water color and basic theatre. Mr. Gross is a distinguished artist, having studied at the Portland School of Fine and Applied Arts, New York University and Traphagen School of Design in New York. His work has been exhibited in many museums and art festivals in the United States and is a part of the collections of many notable personalities here and in Europe. For over 25 years he has been well known as director, designer and producer in New York and summer theatre productions.

Mrs. G. Beryl Ouellette of Mexico will join the staff as teacher of paper mache sculpturing. Most by self taught, Mrs. Ouellette has been working with paper mache since 1964 and has created many marvelous figures, both miniature and life size. She has previously taught adult education and also given private lessons. She and Mr. Gross will add greatly to this fall's Adult Education offerings at Telstar.

WALKING WITH JESUS CHRIST
September, often called the golden month. God's creation: Nature puts on a dress of lovely colors; shades and hues of red, orange, yellow—how beautiful to walk in the still of an evening, enjoying the presence of our Saviour, walking hand in hand with our holy God.

Wonderous are Thy ways, Oh Lord, Thou, the perfect Lamb of God who gave your life that we might live of Heavenly things. Even in the quiet, Nature sings—for Isaiah chapter 55, verse 12 tells us: "For ye shall go out with joy, and be led forth with peace: the mountains and the hills shall break forth before you into singing, and all the trees of the field shall clap their hands". Even our hearts could break out with singing the hymn:

"Redeemed, Redeemed, how I love to proclaim it.
Redeemed, Redeemed by His infinite mercy, His child forever I am

Redeemed by the blood of the Lamb, Redeemed I am so happy in Jesus, no language can tell."

Yes, redeemed by the blood of the Lamb—who is the Christ, the word "blood" is to a Christian mentioned over four hundred times in the Bible—and most often in the old Testament when God required the blood of oxen and lambs for the temporary forgiveness of sin. But Jesus became the perfect sacrifice. 1st Peter 1:19 says "but with the precious blood of Christ, as of a lamb without blemish and without spot."

It then speaks of us; verse 23: "Being born again, not of corruptible seed, but of incorruptible, by the word of God, which liveth and abideth forever," verse 24 "For all flesh is as grass, and all the glory of man as the flower of grass. The grass withereth, and the flower thereof falleth away," Verse 24 "But the word of the Lord endureth forever. And this is the word which by the gospel is preached unto you."

Colossians 3:1 "If ye then be risen with Christ, seek those things which are above, where Christ sitteth on the right hand of God." verse 2: "Set your affection on things above, not on things on the earth."

SCHOOLS TO OPEN SEPT. 7

continued from Page One
together we can accomplish a great deal and your child will be the major benefactor.

"The year, we have a teaching principal in each of the five Elementary Schools; one supervising principal in the Middle School; and one supervising principal in the High School. Also, we have an Elementary Supervisor.

"The teaching principals will have office hours for administrative work. They will be available to meet with parents during the office hours. Each teaching principal will send a letter home describing his or her schedule. However, I would ask that you please respect the teaching principal's schedule.

"The primary difference between a supervising principal and a teaching principal is that a supervising principal administers the school and supervises the instruction. The supervision of instruction in our elementary schools is performed by the Elementary Supervisor. The Elementary Supervisor will also be in charge of curriculum coordination between the Elementary Schools and the Middle School.

"Each school in the District will have a principal representing the interests of the students in that school.

"The District schools are for our children. Therefore, we need to know how well we are meeting their needs. Please feel free to express your thoughts to your school people. Together we will build an outstanding school system.

We usually expect a change in the weather on the full of the moon. This month it was full the 28th and the weather had been so cool that the tomatoes and corn weren't coming along that well. The temperature went up so now the crops should ripen off. At least those that didn't dry up in the hot dry weather of July. The week end was beautiful except Sunday was almost too hot.

Saturday our son James and his friend Sue Keefe, came down from Old Town. In the evening Frank and I, James and Sue went to the baked bean supper at the Andover Church. After we rode over East B Hill over to Errol, N. H., and back through 13 mile woods. Was amazed at how many of the trees through the woods already had branches that had colored. The sun was a flaming red, predicting a fine day on the morning and as it faded to a beautiful shade of pink it marked the end of another summer's day.

Sunday, the 21st, Mr. and Mrs. Stan Brown went to Portland to pick up Alice's sister, Charlotte Thompson; and while there they went to Mary Bennett's home and had lunch.

The 19th Mr. and Mrs. Tom Gibbs, Mr. and Mrs. Guy Gibbs and Danny Gibbs left for Washington, D. C., to attend the marriage of Ricky Young Saturday evening, August 20. They left Sunday morning for home and arrived at 11:30 p. m. Sunday.

Sheri Angevine has started field hockey at Telstar and says that she loves it.

Friday, Aug. 19, Nathan Baudou stayed with his aunt and uncle, Dick Angevine. Kristy stayed the 19th with her aunt, Judy Coolidge; Sheri stayed with great grandmother Rena Abbott and aunt Barbara Baudou at Rumford Point and Ricky was camping with Butters.

Saturday Dick Angevine took his wife and all the children but Ricky to the Chicken Coop. Mr. and Mrs. Lester Butters had as dinner guests Wednesday, Mrs. Olive Blaisdell from Somersville, Mass., and Mrs. Marion Rodgerson from Lovell.

Miss Kathie Pike has a friend, Sandra McAllister from Bethel, staying with her until the first of the month.

Lee Binzig also had friends, Mr. and Mrs. Thomas from Cape Cod, visiting her and Peggy Clay.

Alan Chapman went to Plymouth, N. H., Saturday to compete in the Woodmen's Show.

Mr. and Mrs. Charles Mason Jr., had as supper guests at Ben Gordon's camp on the mountain, Mr. and Mrs. Frank Aylward.

Mr. and Mrs. Larry Smith and Shawn, from Fryeburg, visited his parents, Mr. and Mrs. Homer Smith and family Aug. 21 and 28.

Mr. and Mrs. Bruce Smith and Matthew and another child, Roxanne Walker of South Paris, have also visited his parents, Mr. and Mrs. Homer Smith.

A Tribute

Lloyd was more than a pleasant and capable man behind the counter. His honest advice to young and old customers was valuable.

For more than sixty years his smiling appraisal of chops and roasts and soup bones for Bethel dinner tables were important ingredients.

His skill was the unseen factor behind happy family meals and successful banquets.

The sentiment of this brief tribute will be shared by thousands who fondly remember Lloyd.
